

64Door Factory Limited is an international door production and sales company what was established in 2017. The company has established a modern hi-tech door production facility in Nairobi and is looking to hire an individual to fill the following position:

Production and Manufacturing Manager

The position is an excellent opportunity for someone with significant operational experience in modern manufacturing to lead a cross-functional team to deliver the goals and objectives for the company. By successfully managing budgets, staff, and operating assets against organizational targets for the units/areas assigned, this role will provide an excellent opportunity to exhibit leadership capabilities.

Responsibilities of the job include:

- Planning and organising production schedules
- Assessing project and resource requirements
- Estimating, negotiating and agreeing budgets and timescales with clients and managers
- Determining quality control standards
- Overseeing production processes
- Re-negotiating timescales or schedules as necessary
- Organising the repair and routine maintenance of production equipment
- Liaising with buyers and marketing and sales staff

Basic Qualifications:

- 10+ years of experience managing and supervising a complex modern wood manufacturing organization
- Experience with establishing and building a manufacturing operation from the ground
- Experience with supervising advanced manufacturing techniques and overseeing manufacturing using 3 and 4 axis CNC machines
- Ability to quickly assess engineering drawings and develop a detailed quote and schedule to complete
- Coding of CNC machine to enable the production of required components to required dimensions and tolerances
- Ability to obtain a security clearance
- BS degree in Manufacturing, Manufacturing Technology, or Industrial Engineering
- Previous experience in wood sector-specific staff training
- Fluent in English
